REMARKS.

1. *(a)* All officers paid under this table below the rank of rear admiral or brigadier-general are entitled by law to 10 per centum upon the full yearly pay of their grades for each and every period of five years' service, as increase for length of service, or "longevity pay," computed upon their total actual service in Army, Navy, and Marine Corps, provided that the total amount of such increase shall not exceed 40 per cent upon the full yearly pay of the grade, and provided further that the pay of a captain in the Navy or colonel of Marines shall not exceed $4,500 in rank and that of a commander in the Navy or lieutenant-colonel of Marines $4,000 per annum.

(b) By decision of the U. S. Supreme Court No. 277, October term, 1906, assistant and passed assistant surgeons in the Navy are allowed mounted pay of an army officer of corresponding rank.

2. Army act March 2, 1901, provides: "That hereafter the pay proper of all officers and enlisted men serving (on shore) beyond the limits of the states comprising the United States and the Territories of the United States contiguous thereto, shall be increased 10 per centum for officers * * * * * * over and above the rates of pay proper as fixed by law in times of peace, and the time of such service shall be counted from the date of departure from said states to the date of return thereto. *Provided further.* That officers * * * * * * who have served in China at any time since the 20th day of May, 1900, shall be allowed and paid for such service the same increase of pay proper as herein provided for."

(d) The base pay plus longevity increases is the "pay proper" upon which total the 10 per cent increase for "shore duty beyond seas" is computed. (Comp. Dec., Apr. 18, 1905.)

3. Section 15 of the act approved March 3, 1899, entitled "An act to reorganize and increase the efficiency of the personnel of the Navy and Marine Corps of the United States," is hereby so amended as to provide that nothing therein contained shall operate to reduce the pay which, but for the passage of said act, would have been received by any commissioned officer at the time of its passage or thereafter. (Act June 7, 1900.)

4. Officers of the line, Medical and Pay Corps of the Navy, retired prior to the passage of the act approved March 3, 1899, continue to receive the same pay on the retired list that they received before the passage of said act. (a) During a period of twelve years from the passage of this act any naval officer on the retired list may, in the discretion of the Secretary of the Navy, be ordered to such duty as he may be able to perform at sea or on shore, and while so employed shall receive the pay and allowances of an officer of the active list of the grade from which he was retired. (Act June 7, 1900.)

NAVY AND MARINE CORPS PAY TABLES—Continued.

Each officer on army pay and allowances will be allowed when occupying public quarters or quarters other than public, where gas, acetylene, electricity, or mineral oil lamps are furnished at the expense of the United States, for each room to which his rank entitles him, for the period between September 1 and April 30, 1,500 cubic feet of gas, or 750 cubic feet of acetylene, or 20,000 watt-hours of electric current, or 4 gallons of mineral oil per month, and from May 1 to August 31, corresponding fuel of gas, or 900 cubic feet of acetylene, or 12,000 watt-hours of electric current, or 2 gallons of mineral oil per month for each room to which entitled, which allowance may be considered accumulative within a fiscal year, provided that the accumulative allowance shall no time be exceeded. Where an officer occupies quarters other than public, the lighting of which is measured by separate meter readings, settlement will be made by the Government with the owner or authorized agent of the quarters, or agent of the company supplying the light, for the actual quantity of gas, acetylene, or electric current supplied. Where an officer occupies quarters other than public which are lighted by gas, acetylene, or electricity and the quantity supplied is not measured by separate meter readings, settlement will be made by the Government with the owner or authorized agent for light for the number of rooms to which the rank of the officer entitles him, in accordance with the prescribed allowance. An officer occupying as quarters a number of rooms less than the authorized allowance will be entitled to mineral oil for such number of rooms only as he actually occupies.

At stations where light is furnished from a government plant, the charge for an excess used over the prescribed allowance will be the actual cost of manufacture in the case of electricity or gas, or at the actual cost of mineral oil. If the prescribed allowance is exceeded, payment for such excess will be made daily deducted with the yard paymaster through whom the light is furnished.
